General Information

Course Overview & Agenda

The 2020 CNS Spine Complications Course provides a collegial atmosphere for attendees to discuss their most challenging cases, as well as strategies to improve surgical outcomes and avoid complications. Sessions include case presentations covering surgical indications, management, and complication avoidance for degenerative disease, tumor, deformity, MIS, and trauma. This course fulfills the requirements of the ABNS MOC requirements Part IV: *Evidence of Evaluation of Performance in Practice* and serves as a morbidity and mortality conference review for surgeons in practice who do not have easy access to periodic M & M conferences. The CNS designates this live activity for a maximum of 16 *AMA PRA Category 1 Credits*[™].
