Exhibitor Rules and Regulations

Rules and Regulations
The rules and regulations were created for the best interest of the exhibitors, attendees, and the AANS/CNS Section on Disorders of the Spine & Peripheral Nerves Annual Meeting. It is important that each exhibitor abide by these regulations. Failure to comply with any rule set forth may result in the denial of future participation.

Interpretation of Rules
The following rules and regulations are part of the contract between the exhibitor and the AANS/CNS Section on Disorders of the Spine and Peripheral Nerves (the Association). The Association shall have full power in the interpretation and enforcement of rules and regulations governing exhibitors. All matters not covered in these rules and regulations shall be referred to the Association for adjudication and the decision of the Association shall be final. These rules and regulations may be amended at any time by the Association and all the amendments so made shall be binding upon the exhibitor equally with these rules and regulations, and shall become a part thereof, providing the exhibitor is notified of the amendments. Notice may be verbal or in writing, before or during the 2020 AANS/CNS Section on Disorders of the Spine and Peripheral Nerves Annual Meeting, and may be given to any authorized agent or representative of the exhibitor.

Purpose of Exhibit
The purpose of the exhibits, an integral part of the 2020 Spine Summit educational activity, is to complement the professional meetings and clinical sessions by enabling registrants to evaluate the latest developments in equipment, supplies, and services that are presented for use by spine and peripheral nerve surgeons. The Association does not in any manner endorse any of the products or services related to the exhibits that have been accepted for display and sale during the AANS/CNS Section on Disorders of the Spine and Peripheral Nerves Annual Meeting. The Association reserves the right to determine the eligibility of all exhibit space applicants.

Product Sales/Solicitation of Orders
The sale of products and services is allowed on the exhibit floor provided such sales are conducted in a professional, business-like manner, in accordance with AANS/CNS Section on Disorders of the Spine and Peripheral Nerve guidelines, and the exhibitor complies with all state and local tax regulations. No signage or advertising of product pricing will be allowed. The Association reserves the right to restrict sales activities that it deems inappropriate or unprofessional.

Market Research
Market research can only be conducted by firms hired by a 2020 Spine Summit exhibitor. With its application for exhibit space, the research company must submit a letter of authorization from its sponsoring company and a list of all premiums proposed for distribution. Market research booths must remain open and staffed throughout the Spine Summit. All interviews must be conducted within the confines of the booth space—soliciting registrants in the aisles is strictly prohibited. Violations assessed against exhibiting market research companies may also be applied to the sponsoring company.

Exhibit Application
To be included in the initial assignment of space, potential exhibitors must complete application/contract and return it with full payment on or prior to Friday, November 1. Applications received without payment will not be processed and no space assigned. If paying by credit card, you may fax or email your application.

Space Assignment
A 50 percent deposit must accompany the exhibit application by Friday, September 13 to hold your booth space. Payment in full ($3,750 or $4,000 per 10’ x 10’ booth) is due by Friday, November 1. Submission of an application does not guarantee booth assignment. Booths will be allocated on the following basis: 1. Priority points earned for previous five (5) Annual Meetings; 2. Number of booths requested; 3. Date of receipt of application; 4. Space availability; and 5. Proximity of competitor companies on the exhibit floor. Exhibitors earn one priority point for each 10’ x 10’ booth occupied in the last five years. If exhibitor fails to participate in the meeting in any given year, priority points will be forfeited. Companies that have merged with, been purchased by, or have purchased another company may use the exhibit history from either company, but not the combined history of both companies. The Association should be notified in writing the acquisition or merger between companies has been completed and indicate date of completion. If two or more companies request adjacent booth space, or if two or more companies co-market a product at one booth, exhibit space assignment will be made by averaging the co-marketing companies’ points.

Space Relocation
The Association reserves the right to change the exhibit floor plan if conflicts arise regarding space requests or conditions that are beyond the Association’s control. The Association reserves the right to relocate exhibitors demonstrating loud apparatus or conducting odor-producing activities in an area where the noise or aroma will not interfere with other exhibits. The Association reserves the right to determine at what point sound or odor interferes with others and must be discontinued. The Association reserves the right to relocate an exhibitor at any time, with the understanding that if the exhibitor does not agree with such relocation to the extent that the exhibitor cannot participate in the Spine Summit, the payment for exhibit space will be fully refunded, proportionate to the exhibitors’ level of participation.

Booth Space Reductions or Cancellations
Request for booth space reductions and/or cancellations must be made in writing. Written requests received on or before November 25, will receive a full refund of the cost of the space being reduced or cancelled, less a $500 administrative fee. The Association will retain total cost of space being reduced or cancelled after Monday, November 25. An exhibitor’s cancellation of booth space will result in the release of all assigned hotel guest rooms and Exhibitor badges. No refund will be allowed for exhibit space left unoccupied during the Annual Meeting. Refunds of cancellations or reductions will not be reimbursed until after the Annual Meeting.
**Subletting of Space**
The subletting, assignment, or apportionment of the whole or any part of an exhibitor’s space by the exhibitor is prohibited. Exhibitors may not advertise or display goods in their exhibit other than those manufactured or sold by them in the regular course of their business. Exhibitors may not permit any other party to exhibit in their space any goods other than those manufactured or distributed by the contracting exhibitor.

**Linear Booths**
All linear booths will be equipped with an 8’ high back drape, 3’ high side rails, and a 7” x 44” identification sign displaying the exhibitor’s name and booth number.

Linear booths must not exceed 8’ in height unless located at the hall perimeter—such booths may be 12’ in height. Any construction that exceeds the 3’ high side rail dividers shall not extend more than half the distance from the back wall of the exhibit nor will any display be allowed to limit or otherwise interfere with other exhibits.

**Booth Construction and Arrangement**
All exhibits must be confined to the spatial limits of their respective booth(s) as indicated on the floor plan and all equipment, products, or materials to be shown or demonstrated must be placed within the exhibitor’s contracted exhibit space in order to ensure attendees viewing the exhibit will stand within said space, not in the aisles. All exposed parts of displays must be finished so as to present an attractive appearance when viewed from the aisles or from adjoining exhibits. If other exhibitors or the Association object to any exposed portions of a display, the exposed portions will be draped by the Association and billed to the exhibitor. All tables used in an exhibit space must be skirted.

**Hanging Signs and Banners**
No signs, parts of exhibits, or any other exhibit material are to be suspended from or attached to the ceiling or walls of the Exhibit Hall in any manner. All booth identification must be part of the physical structure of the booth itself.

**Fire Regulations**
All material used in the exhibit must be flame-proof and fire-resistant in order to conform to local fire ordinances and in accordance with the regulations established by the hotel.

**Music Licensing**
Exhibitors must receive relevant licenses from ASCAP and BMI if they plan to present live or pre-recorded music at any time during the meeting. Exhibitors are responsible for obtaining appropriate licenses for any copyrighted music used in connection with their exhibit.

**Booth Conduct**
The Association reserves the right to approve all exhibits and activities related thereto. The Association may require that an exhibit be curtailed if it does not meet the standards set forth herein, if it reflects against the character of the AANS/CNS Section on Disorders of the Spine and Peripheral Nerves Annual Meeting, or if it exceeds the bounds of good taste as interpreted by the Association. An exhibitor of a questionable exhibit or activity relating thereto must submit a description of the exhibit or activity with the exhibit application for approval. Inspection of the Exhibit Hall will be made during installation hours. An effort will be made to advise exhibitors of any deviation from exhibit rules at that time. Exhibitors must make all corrections requested by the Association at their own expense or risk removal from the Exhibit Hall without notice and without obligation on the part of the AANS/CNS Section on Disorders of the Spine and Peripheral Nerves for any refund whatsoever. The Association reserves the right to expel or refuse admittance to any representative whose conduct is, in its opinion, not in keeping with the character and/or spirit of the AANS/CNS Section on Disorders of the Spine and Peripheral Nerves Annual Meeting. Exhibit personnel may not enter another exhibitor’s booth without obtaining permission. Lingering in the aisles surrounding another exhibitor’s booth for the purpose of obtaining product information or distracting booth personnel is strictly prohibited and may be cause for expulsion. Exhibitors may not sell any food or beverage on the exhibit floor without prior permission from the Section on Disorders of the Spine & Peripheral Nerves Annual Meeting office. Distribution of any literature outside of an exhibitor’s own space is prohibited. No procedures may be performed on any live tissue on the exhibit floor. Exhibitors may not leave their booth unattended for an extended period of time. Exhibitors are not permitted to dismantle prior to 1:00 pm on Sunday, March 8, 2020. Dismantle prior to this time will result in the loss of current year priority points.

**Non-contracted Exhibit Space**
Any person, firm, or organization not having contracted with the Association for the occupancy of space in the Exhibit Hall will not be permitted to display or demonstrate any products, processes, services, or solicit orders.

**Demonstration and Liability**
Exhibitions or demonstrations by the exhibitor must be confined within the bounds of the exhibitor’s assigned exhibit space, and shall not interfere with aisle space. If the premises of the facility are defaced or destroyed by the exhibitor, its agent, or representatives, the exhibitor will be liable to the facility for such amount as shall be deemed necessary for restoration to the previous condition. This Agreement is made and to be performed in Las Vegas, Nevada, and shall be construed in accordance with Nevada law, but not against any party by reason of that party having drafted it. No representative of The Cosmopolitan of Las Vegas has been or is authorized to make any representation, which varies from the express terms of this contract, though the contract may be supplemented in writing. In any legal action or arbitration or other proceeding brought on account of a breach of any provision of this Agreement or to enforce any provision of this Agreement, the prevailing party shall be awarded its attorney’s fees and other cost incurred in such action or proceeding, in addition to any other relief to which it may be entitled. Any modifications or changes to this Agreement must be made in writing, and signed by both parties hereto. Any legal action in connection with this Agreement shall be brought in Las Vegas, NA.

**Security**
The Association will provide uniformed security guard service in the Exhibit Hall beginning with the delivery of exhibits to the hall through 12:00 pm, Sunday, March 8. Neither the Association nor The Cosmopolitan of Las Vegas will be held responsible for any loss or damage to the exhibitor’s property. Exhibitors must take precautions to protect their property against pilferage.

**Smoking**
Smoking is prohibited inside the facility.
Exhibitor Service Kit.

Associated with a corporate support association-sponsored event or an event hall if ordered through the facility. Food products are permitted in the exhibit hall and dismantling of any time during the meeting, including electrical devices, sound-producing equipment may be operated only if the laser is contained within a safety shield. Only the official photographer may take photographs in the exhibit hall. Videography is not allowed without the written consent of CNS/AANS Section on Disorders of the Spine & Peripheral Nerve Annual Meeting Office.

Restrictions

Booth lighting should be directed to the inner confines of the booth space and should not project onto other exhibits or aisles. Rotating lighting and other specialized lighting effects should be in good taste and not interfere with neighboring exhibits or otherwise detract from the general atmosphere of the event. Exhibitors who use noisy electrical devices, sound-producing movies, or other devices, which prove objectionable because of noise, odor, or other disagreeable features, must agree to keep the noise and/or odor of such devices at an absolute minimum. Exhibitors with such equipment must agree to accept space assignments, which will abate reasonable objections to these annoyances. X-ray equipment may be exhibited but not operated. Laser equipment may be operated only if the laser is contained within a safety shield.

FDA Compliance

All medical devices exhibited must have fulfilled all applicable Federal Drug Administration (FDA) regulations. Products that are not FDA-approved for a particular use in humans or which are not commercially available in the United States may be displayed only when accompanied by appropriate signs that indicate the device’s FDA clearance status. The signs must be easily visible and placed near the device itself and on any graphics depicting the device. Unapproved devices with pending premarket approval (PMA) applications or pre-market notification (510(k)) submissions must display a sign stating “Pending 510(k)/ PMA. This device is not cleared by the FDA for sale in the United States.” Unapproved devices without a pending 510(k) or PMA must display a sign stating “This device is not cleared by the FDA for sale in the United States.” Products in the development stage must bear a sign stating “Caution: Investigational device. Limited to investigational use.”

Handouts and giveaways

Distribution of samples of products and souvenirs is permitted. Approval of samples and souvenirs must be obtained by the AANS/CNS Section on Disorders of the Spine & Peripheral Nerve Annual Meeting Office prior to the meeting. Distribution of such products or souvenirs will be allowed, provided it is done in a dignified manner, does not create a nuisance, and causes no interference with adjoining exhibits.
