2024 SANS Written Boards Review Course

Saturday, January 27th, 2024
Zoom

Course Director

Khoi D. Than

Course Description

The SANS Written Boards Review Course prepares neurosurgery residents for the ABNS Primary Examination (commonly referred to as the Written Boards). Using SANS questions that were specifically designed for this course, expert faculty cover the breadth of all subspecialty and general neuro topics included on the Written Boards Exam.

The one-day intensive review provides summative didactic sessions covering the breadth of neuroanatomy, neurobiology, neuropathology, neuroimaging, neurology, neurosurgery, critical care, and core competencies—from synaptic physiology to cranial nerve anatomy to complex spine surgery.
