2022 CNS Spine Complications Course

Spine Challenges and Complications: Safely Descending the Steepest Slopes
February 4 - 6, 2022 | Park City, Utah
Hyatt Centric Park City • Wasatch Ballroom

Course Description

This course provides a peer review forum for the discussion of complications related to spinal surgery. Management, technical, and equipment-related issues will be discussed in order to pass along lessons learned, point out safety concerns, and improve the surgical management of patients with spine disorders.

Participants will be asked to present a complicated case of their own, and engage in discussion with peers and expert faculty on management and preventative strategies.

Learning Objectives

- Upon completion of this course, participants will be able to:
  Recognize factors that lead to complications and poor outcomes when treating spine disorders
- Discuss new and different strategies for how to best resolve spine surgery complications should they arise
- Discuss current research and developments in diagnostic techniques, methods of therapy, and treatment alternatives for the management of spine diseases

Accreditation

The Congress of Neurological Surgeons is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
