

Surgical Treatment of the Craniocervical Junction

A Course for 5th & 6th Year Neurosurgery Residents

Cleveland, Ohio

August 25 – 26, 2020

Hosted by:

Surgical Treatment of the Craniocervical Junction

Tuesday and Wednesday, August 25 – 26, 2020

Institute for Surgery and Innovation
University Hospitals Cleveland Medical Center
Cleveland, Ohio

Wolstein Auditorium
Case Western Reserve University
Cleveland, OH 44106

Laboratory Sessions – Surgical Training and Research Lab,
Biomedical Research Building, BRB B68

An educational activity provided by
UH Neurological Institute

Overview

This two-day course is designed for 5th and 6th year neurosurgery residents who seek an intensive, hands-on course in the surgical management of pathologies of the craniocervical junction. Pathologies to be addressed include vascular diseases, tumors, deformities and trauma. Anatomical considerations, patient indications for intervention, decision making, and surgical approaches and techniques will be discussed. Faculty will demonstrate repair, fixation and reconstruction techniques using 3-D imaging, and state-of-the-art devices and instrumentation. Small class size and emphasis on the practicum maximizes faculty and resident interaction, and the opportunity for expert guidance and skill development.

Objectives

After attending this program participants will be able to:

- Describe the anatomical factors involved in the surgical management of pathologies of the craniocervical junction
- Discuss patient indications and the surgical decision making process for selecting appropriate approaches, techniques and devices
- Demonstrate skills in CT and MRI navigation and image guidance
- Demonstrate surgical approaches, techniques and application of devices on tissue models
- Plan intraoperative steps to prevent complications and maximize outcomes

Faculty

Nicholas C. Bambakidis, MD

Course Director

Professor of Neurological Surgery
Case Western Reserve University School of Medicine
Director, Cerebrovascular and Skull Base Surgery
Director and Vice President, Neurological Institute
Residency Program Director
University Hospitals Cleveland Medical Center
Cleveland, OH

Sepideh Amin-Hanjani, MD, FAANS, FACS, FAHA

Professor, Department of Neurosurgery
Residency Program Director
Co-Director, Neurovascular Surgery
University of Illinois at Chicago
Chicago, IL

Brian D'Anza, M.D.

Assistant Professor of Otolaryngology
University Hospitals Cleveland Medical Center
Cleveland, OH

Chad A. Glenn, M.D.

Assistant Professor of Neurological Surgery
University of Oklahoma Medical Center
Department of Neurological Surgery
Oklahoma City, OK

Alia Hdeib, M.D.

Assistant Professor of Neurological Surgery
Case Western Reserve University School of Medicine
University Hospitals Neurological Institute
University Hospitals Cleveland Medical Center
Louis Stokes VA Cleveland Medical Center
Cleveland, OH

Manish Kasliwal, M.D.

Assistant Professor of Neurological Surgery
Case Western Reserve University School of Medicine
Director, Minimally Invasive Spine Surgery
University Hospitals Neurological Institute
University Hospitals Cleveland Medical Center
Cleveland, OH

Louis J. Kim, MD

Professor and Vice Chair of Neurological Surgery
University of Washington School of Medicine
Harborview Medical Center
Seattle, WA

Cliff A. Megerian, M.D., FACS

President, University Hospitals Physician Network & System Institutes
President, Physician Services, University Hospitals
Chair, Auditory Surgery and Hearing Sciences, UHCMC
Professor, Otolaryngology – CWRU School of Medicine
University Hospitals Cleveland Medical Center

Sarah E. Mowry, M.D, FACS

Associate Professor, Department of Otolaryngology/Head & Neck Surgery
Case Western Reserve University School of Medicine
Associate Program Director, ENT – UH Cleveland Medical Center
University Hospitals Cleveland Medical Center
Cleveland, OH

Peter Nakaji, MD

Chair, Department of Neurosurgery at Banner –
University Medical Center Phoenix
Professor of Neurosurgery
Phoenix, AZ

Gabriel A. Smith, M.D.

Assistant Professor of Neurological Surgery, CWRU SOM
Medical Director, UH Spine Institute
University Hospitals Cleveland Medical Center
Cleveland, OH

Michael P. Steinmetz, MD

Chairman, Department of Neurosurgery
The Cleveland Clinic Foundation
Professor and Chairman of Neurological Surgery
Cleveland Clinic Lerner College of Medicine of
Case Western Reserve University School of Medicine
Cleveland, OH

Peter Weisskopf, M.D.

Professor, Department of Otorhinolaryngology (ENT)/Head and Neck
And Department of Neurosurgery
Mayo Clinic
Phoenix, AZ

Joseph M. Zabramski, MD

Professor of Neurological Surgery
Director of Clinical Neurosurgical Research
Barrow Neurological Institute
St. Joseph's Hospital and Medical Center
Phoenix, AZ

Guest speaker - To be determined

Program Agenda

The program will consist of the following lectures and laboratory sessions. All lectures will be held in the 1st floor Auditorium of the Wolstein Building.

Tuesday, August 25, 2020	
7:30 a.m.	Registration and Continental Breakfast
7:50 a.m.	Welcome and Introduction
8:00 a.m.	Biomechanics and Anatomy of the Craniocervical Junction Michael P. Steinmetz, M.D.
8:45 a.m.	Fixation of the subaxial spine: C3 - upper thoracic spine Gabriel A. Smith, M.D.
9:30 a.m.	Indications for Treatment and Case Examples Manish Kasliwal, M.D. and Alia Hdieb, M.D.
11:00 a.m.	Break and Lunch
11:30 a.m. – 3:00 p.m.	Laboratory Session – Surgical Training and Research Lab, Biomedical Research Building, BRB B68 Occipito-cervical fixation and subaxial fixation/upper thoracic spinal fixation
3:00 p.m.	Anatomy of the Craniovertebral Skull Base Joseph Zabramski, M.D.
3:45 p.m.	Posterolateral Skull Base Approaches – the Neurosurgical Perspective Nicholas C. Bambakidis, M.D.
6:30 p.m.	Course Dinner – Venue to be determined Transportation leaves hotel at 6:00 p.m.
Wednesday, August 26, 2020	
8:00 a.m.	Continental Breakfast
8:30 a.m.	Skull Base Surgical approaches for Brainstem Cavernomas Keynote speaker (to be determined)
9:30 a.m.	Surgical Treatment of Posterior Fossa AVM's Peter Nakaji, M.D.
10:00 a.m.	Multimodality treatment of Posterior Circulation Aneurysms Louis J. Kim, M.D.
10:30 a.m.	Revascularization of the Posterior Circulation Sepideh Amin-Hanjani, M.D.
11:00 a.m.	Transpetrosal approaches – the ENT Perspective Peter Weisskopf, M.D., Cliff Megerian, M.D., Sarah Mowry, M.D.
12:00 noon	Lunch
12:30 – 5:00 p.m.	Laboratory Session and Lunch - Surgical Training and Research Lab, Biomedical Research Building, BRB B68 12:30 p.m. Retrosigmoid Translabyrinthine/Transpetrosal 2:00 p.m. Far Lateral Approach and its Variations
5:00 p.m.	Course adjourns and departures

General Information

A map and directions will be sent with your confirmation letter.

Accommodations:

Courtyard by Marriott – University Circle
2021 Cornell Road
Cleveland, OH 44106
216-791-5678

The hotel is within walking distance of the conference venue. For those who drive, valet parking is \$20 for overnight guests.

Acknowledgments

This activity will be supported by grants from industry. We hope you enjoy this educational opportunity provided by University Hospitals Cleveland Medical Center.

Acceptance of funding in support of this symposium does not constitute endorsement of any product or manufacturer.

The commitment to exceptional patient care begins with revolutionary discovery. University Hospitals Cleveland Medical Center is the primary affiliate of Case Western Reserve University School of Medicine, a national leader in medical research and education and consistently ranked among the top research medical schools in the country by U.S. News & World Report. Through their faculty appointments at Case Western Reserve University School of Medicine, physicians at University Hospitals Cleveland Medical Center are advancing medical care through innovative research and discovery that bring the latest treatment options to patients.

Resident & Fellow Educational Grant Policy and Procedure

The policy and procedure listed below describes who is eligible to participate in this two day course, what the grant will cover, and the steps to follow to apply.

Fifth & Sixth Year Neurosurgery Residents who are interested in the surgical management of pathologies involving the craniocervical junction may complete the on-line application form to request an educational grant to attend this course.

The educational grant will cover the following for 18 neurosurgery residents:

- Tuition
- Lodging for up to 2 nights, room & tax only. Two residents/fellows assigned per room.
- Roundtrip airfare (nonrefundable coach) or if driving, reimbursement for mileage, tolls and parking.
- Meals & refreshment breaks at the course.

The educational grant will not cover:

- Incidentals, miscellaneous expenses at the hotel. A credit card will be required at hotel check-in.
- Transportation to and from the home city airport, and the Cleveland airport and hotel.
- Food & beverage expenses (outside the course agenda).
