

CONGRESS OF NEUROLOGICAL SURGEONS

VOLUME XIII

October, 1964

Number 4

Dear Fellow Congressmen:

The Fourteenth Annual Meeting of the Congress of Neurological Surgeons is only a month away. It is hoped that all of you have returned your pre-registration cards to Dr. Robert A. Clark, Jr., Chairman of the Registration Committee. Please return the hotel reservation cards to the Americana if you have not done so. Those of you who will be fortunate enough to take the postconvention tour to Grand Bahama, please return the hotel reservation cards to the Grand Bahama Hotel. Dr. William German has graciously consented to take part in the discussion sessions at Grand Bahama.

Dr. Jefferson Browder will be unable to participate in the Postgraduate Course on the Surgical Treatment of Patients with Head Injuries due to a recent illness. Dr. E. S. Gurdjian has kindly consented to take Dr. Browder's place on the program. Dr. Gurdjian has had tremendous experience in dealing with head injuries and this should be an outstanding paper.

FABULOUS MIAMI

Many of our members will remember the excellent directory on restaurants, night clubs and stores in the Miami area prepared by Dr. Jack Barrett for the 1959 meeting at the Americana. Dr. Barrett graciously consented to compile a new directory with the help of Mrs. David H. Reynolds and Dr. Albert Ehlert. Please bring this directory with you to Miami.
