Surgical Treatment of the Craniocervical Junction

Thursday and Friday, August 30 – 31, 2018

Institute for Surgery and Innovation
University Hospitals Cleveland Medical Center
Cleveland, Ohio

Wolstein Auditorium
Case Western Reserve University
Cleveland, OH 44106

An educational activity provided by
UH Neurological Institute

Overview
This two-day course is designed for 5th and 6th year neurosurgery residents who seek an intensive, hands-on course in the surgical management of pathologies of the craniocervical junction. Pathologies to be addressed include vascular diseases, tumors, deformities and trauma. Anatomical considerations, patient indications for intervention, decision making, and surgical approaches and techniques will be discussed. Faculty will demonstrate repair, fixation and reconstruction techniques using 3-D imaging, and state-of-the-art devices and instrumentation. Small class size and emphasis on the practicum maximizes faculty and resident interaction, and the opportunity for expert guidance and skill development.

Objectives
After attending this program participants will be able to:

- Describe the anatomical factors involved in the surgical management of pathologies of the craniocervical junction
- Discuss patient indications and the surgical decision making process for selecting appropriate approaches, techniques and devices
- Demonstrate skills in CT and MRI navigation and image guidance
- Demonstrate surgical approaches, techniques and application of devices on tissue models
- Plan intraoperative steps to prevent complications and maximize outcomes
Faculty

Nicholas C. Bambakidis, MD
Professor of Neurological Surgery
Case Western Reserve University School of Medicine
Director, Cerebrovascular and Skull Base Surgery
Director and Vice President, Neurological Institute
Residency Program Director
University Hospitals Cleveland Medical Center
Cleveland, OH

Sepideh Amin-Hanjani, MD, FAANS, FACS, FAHA
Professor, Department of Neurosurgery
Residency Program Director
Co-Director, Neurovascular Surgery
University of Illinois at Chicago
Chicago, IL

Alia Hdeib, M.D.
Assistant Professor of Neurological Surgery
Case Western Reserve University School of Medicine
University Hospitals Neurological Institute
University Hospitals Cleveland Medical Center
Louis Stokes VA Cleveland Medical Center
Cleveland, OH

Manish Kasliwal, M.D.
Assistant Professor of Neurological Surgery
Case Western Reserve University School of Medicine
Director, Minimally Invasive Spine Surgery
University Hospitals Neurological Institute
University Hospitals Cleveland Medical Center
Cleveland, OH

Louis J. Kim, MD
Professor and Vice Chair of Neurological Surgery
University of Washington School of Medicine
Harborview Medical Center
Seattle, WA

Cliff A. Megerian, M.D., FACS
President, University Hospitals Physician Network & System Institutes
Julius W. McCall Professor and Chairman
Otolaryngology-Head and Neck Surgery
Case Western Reserve University School of Medicine
Richard W. and Patricia R. Pogue Endowed Chair
University Hospitals Cleveland Medical Center

Sarah E. Mowry, M.D., FACS
Assistant Professor, Otology, Neurotology & Balance Disorders
Department of Otolaryngology/Head & Neck Surgery
Case Western Reserve University School of Medicine
Associate Program Director
University Hospitals Cleveland Medical Center
Cleveland, OH
Peter Nakaji, MD
Barrow Neurological Institute
St. Joseph Hospital and Medical Center
Board Member, Board of Managers
Program Director, Neurosurgery Residency
Director, Division of Minimally Invasive Neurosurgery
Vice Chairman, Institutional Review Board for Human Research
Medical Director, Neurosurgical ICU
Phoenix, AZ

Maroun T. Semaan, M.D.
Associate Professor of Otolaryngology
Case Western Reserve University School of Medicine
Chief – Division of Otology, Neurotology and Lateral Skull Base Surgery
Ear, Nose and Throat Institute
University Hospitals Cleveland Medical Center
Cleveland, OH

Michael P. Steinmetz, MD
Chairman, Department of Neurosurgery
The Cleveland Clinic Foundation
Professor and Chairman of Neurological Surgery
Cleveland Clinic Lerner College of Medicine of
Case Western Reserve University School of Medicine
Cleveland, OH

Professor Charles Teo, M.D., AM
Director of the Centre for Minimally Invasive Neurosurgery
Prince of Wales Hospital
Randwick, Australia

Peter A. Weisskopf, MD, FACS
Neurotology/Skull Base Surgery
Assistant Professor
Mayo School of Medicine, Departments of Otolaryngology –
Head and Neck Surgery and Neurosurgery
Medical Director Cochlear Implant Program
Mayo Clinic Arizona
Phoenix, AZ

Joseph M. Zabramski, MD
Professor of Neurological Surgery
Chair, Section of Cerebrovascular Surgery
Barrow Neurological Institute
St. Joseph’s Hospital and Medical Center
Phoenix, AZ
# Program Agenda

The program will consist of the following lectures and laboratory sessions. Exact times are to be determined.

## Thursday, August 30, 2018

## General Information

A map and directions will be sent with your confirmation letter.
Accommodations:
Courtyard by Marriott – University Circle
2021 Cornell Road
Cleveland, OH 44106
216-791-5678

The hotel is within walking distance of the conference venue. For those who drive, valet parking is $20 for overnight guests.

Acknowledgments
This activity will be supported by grants from industry. We hope you enjoy this educational opportunity provided by University Hospitals Cleveland Medical Center and sponsored by

Acceptance of funding in support of this symposium does not constitute endorsement of any product or manufacturer.

The commitment to exceptional patient care begins with revolutionary discovery. University Hospitals Cleveland Medical Center is the primary affiliate of Case Western Reserve University School of Medicine, a national leader in medical research and education and consistently ranked among the top research medical schools in the country by U.S. News & World Report. Through their faculty appointments at Case Western Reserve University School of Medicine, physicians at University Hospitals Cleveland Medical Center are advancing medical care through innovative research and discovery that bring the latest treatment options to patients.

Resident & Fellow Educational Grant Policy and Procedure
The policy and procedure herein describes who is eligible to participate in this two day course, what the grant will cover, and the steps to follow to apply.

Fifth & Sixth Year Neurosurgery Residents who are interested in the surgical management of pathologies involving the craniocervical junction may complete the Application Form to request an educational grant to attend this course.

The educational grant will cover the following for 18 neurosurgery residents:
- Tuition
- Lodging for up to 2 nights, room & tax only. Two residents/fellows assigned per room.
- Roundtrip airfare (nonrefundable coach) or if driving, reimbursement for mileage, tolls and parking.
- Meals & refreshment breaks at the course.

The educational grant will not cover:
- Incidentals, miscellaneous expenses at the hotel. A credit card will be required at hotel check-in.
- Transportation to and from the home city airport, and the Cleveland airport and hotel.
- Food & beverage expenses (outside the course agenda).
