VOLUME 20 OF CLINICAL NEUROSURGERY TO APPEAR SOON

Dr. Robert H. Wilkins, Chairman of the Editorial Committee, has announced that the proceedings volume of the October '72 Denver meeting of the Congress of Neurological Surgeons will be released in September '73. The bulk of the 32 chapters in Volume 20 will reflect the main theme of the Denver meeting, "The vertebral column and spinal cord". As such, the volume will represent an up-to-date review of basic and clinical considerations of this problem area which represents a significant proportion of neurosurgical practice.

Dr. Robert H. Wilkins

Members of the Congress will automatically receive a copy in the mail; the cost is included in the annual membership fee. Non-members may obtain copies by ordering through book stores or directly from the publisher, Williams and Wilkins, 428 E. Preston St., Baltimore, Md. 21202. Back issues of Clinical Neurosurgery may be obtained through the CNS Bookstore, P.O. Box 12364, Jackson, Mississippi 39211. Volumes 1-12 and Volume 14 are available to members at \$10.00 per copy, non-members \$15.00. Volume 13 and 15-18 are still being distributed by Williams and Wilkins.

In addition to Dr. Robert Wilkins, who serves as Chairman, the Editorial Committee for 1972-73 consists of George T. Tindall (Advisor), Ellis B. Keener, Glenn A. Meyer, W. Robert Hudgins, David G. Kline, and Philip L. Goldenberg.
